

DerbyCon!!

What else can be said about DerbyCon, it was awesome from head to toe. A quick link for those interested, here was our main event, the Rumble Challenge - a lock picking drinking game. I'll let the linked page tell all the details for the system. Anyway, thanks to the DerbyCon staff for letting us host their lock picking village, we had a blast. Also thanks to LVL1 for allowing us to host the drinking game at their DerbyCon party! And another thanks to Brian Carter, sp0rus, and John Doe for FOOLing with us all weekend!
