

DerbyCon

Despite the long silence on our site we have been very active. Look for us in this years DerbyCon lock picking village and also at ISSA in Nashville Tennessee. Did you miss out on last years limited run of laser etched DerbyCon picks? We have more this year! And they are even cooler than last year. Follow @dosman33 on Twitter for pictures of the new pick sets and DerbyCon LP Village news. Also be sure to check out our new "Lock Love Tester" digital lock picking game!
